

MERCHANDISE BROCHURE

WHO WE ARE

I'm Annie, the founder of Laser + Grain. I design, make and engrave wooden products from my workshop on an organic farm in deepest, brightest rural Devon.

My partner and I first had the inspiration for Laser + Grain when we were converting our van in 2019 and struggled to find beautiful, unique, and eco friendly products that were suited to van life. I began to dream about launching a business that combined our passion for designing and making sustainably, with our love for the outdoor life... Laser + Grain was born!

ENAMEL MUGS

TIDE CLOCKS

Inspired by life on the South Coast of Devon and a passion for making beautiful, unique and eco conscious wooden products, our tide clocks are very much our best seller!

Operating on a 12 hour 25 minute cycle, our tide clocks indicate how many hours are left until high or low tide at your local beach. Not only practical and stylish but also locally made from sustainable timber, they make the perfect gift for surfers, rockpoolers, wild swimmers, sailors, beach walkers or anyone who likes to be beside (or in!) the sea!

- Made in Devon from sustainably sourced, FSC registered birch ply
- Sizings - Square: 11 x 11cm, Circular: 14cm diameter, Time & Tide clock: 29.5 x 15.5cm
- Customised with your design or logo
- Complete with metal hanging hook and recyclable instruction card
- Product labelling on the front edge of box, so can be identified when stacked on shelves
- Powered by 1 x AA battery (not included)

Please note: Our Tide Clocks are not to be used as marine navigational aids.
